BNI | MOUNTAIN SOUTH REGION

A FREE SESSION FOR BNI MOUNTAIN SOUTH REGION MEMBERS, HOSTED WITH ELAINE ZAMBOS

# Build your AI referral assistant.

## How to start your own, one step at a time.

It is always paying attention to the people you talk to at BNI and the people you talk to outside BNI, and it finds good referrals among them.

Are you enjoying BNI? Every week everybody tells you what they want as a referral, and you're struggling to keep up with that and to find people in your network who would be good to refer to others.

**The people you talk to at BNI**

**The people you talk to outside BNI**

**Your AI referral assistant**

## What you walk away with

- How to build an AI referral assistant of your own
- How it keeps paying attention to the people you talk to at BNI and outside BNI
- How it finds good referrals among them
- How to become a power AI user
- Where to begin, and what comes after, one step at a time

## About Alan

He has trained with Michael Gerber, the creator of the E-Myth, for the past three years. Now he brings his business, technology and systems expertise to installing AI systems for business owners, or educating them on AI systems.

- Three degrees in engineering: two master's and a bachelor's
- Over 10 years in technology and business systems
- Former Director of IT, QHSE and Facilities at System Logistics, a member of the KRONES group
- Mentor trained with Michael Gerber for the past three years
- Conceived and developed the Dreaming Room AI™ system for Michael Gerber
